

# Code of Ethics for All Programs

Rocky Mountain Roller Hockey is a Non-Checking League. All players who choose to participate in this league will honor USA Inline Hockey's Zero Tolerance Rules:

**Excessive Violence as defined below will not be tolerated. There are no exceptions:**

- Offensive language (can result in 1 game suspension or more)
- Abuse of officials, either verbally or physically
- Excessive un-sportsmanlike conduct
- Any deliberate body checking
- Cross checking or boarding
- Jumping, kicking or charging an opponent

**Injuring or attempting to injure another player with stick:**

- Slashing or attempting to slash
- Butt Ending
- Spearing
- Hooking

**Altercations, Fighting, or Wrestling:**

- RMRHL considers fighting as any physical contact such as a swing, push, swing and connection, and dropping of gloves either on or off the playing surface, before during or after the game. Any player receiving a major penalty for fighting shall automatically be assessed a game misconduct penalty and shall also be suspended for the next two regularly scheduled games. This Major would also include all persons involved in incident third man in or otherwise.

The Referee is provided with very wide latitude in regards to the penalties, which may be assessed (see USA rule 613 fighting) and violation of the above may result in warnings, minor 2-minute penalties, misconduct, game misconduct or gross misconduct penalties, game suspension or **ejection from league play**.

*Majors and misconduct penalties will be documented in player file. If three incidents occur the league will request a parent/player meeting regarding future league play.*

**I have read the above code of ethics and I will honor the code. I will show good sportsmanship to my fellow league members, officiators, coaches, parents and administrators. I have full understanding of the outcome should I violate this code of ethics.**
